Easy

Low Basic Sling

Our Low Basic Sling is a good solution for users who have torso stability and upper body control. The design is similar with the Basic Sling, however it has a shorter back support. The Low Basic Sling provides support from the tailbone up under the arms and under the legs. The arms can be kept inside, but are mostly kept outside of the sling. It is a perfect sling for a more active user. The Low Basic Sling is designed for two-, three- and four-point suspension.

Two fabrics

The Low Basic Sling is a comfortable sling that is available in two fabric choices - Polyester and Polyester Net. The Polyester Net materials allow moisture and heat to transfer efficiently from the client which allows the sling to be left behind the client for a short period of time after the transfer is complete. The Polyester Net fabric is flexible, airy and dries quickly which makes it suitable for use in bathing environments.

ensure achieving proper positioning when the patient is placed in a chair or other seating. They can be used with a 2-point, 3-point or 4-point suspension depending on the need.

Easy Care and Easy Fit

Our slings are manufactured to the highest quality standards. They feature reinforced straps and high strength nylon webbing around the sling to make them strong enough to resist even the most active use. Each sling label is colour coded to ensure quick and easy selection of the correct sling and the straps are colour coded for easy determination of required positioning.

Upright Seating

Our Low Basic Sling offers support so that the client can have their arms on the outside of the sling. They are suitable for patients with trunk stability and upright seating which is especially helpful to

Accessories

Extension Loops

Used to extend lift straps in order to alter lifting position or to hold leg parts together. Assorted lengths. Part no.: 21180-*

Leg Padding and Supports

Ideal for users with sensitive skin or pain. Part no.: 21146-S, M, L Reinforced supports. One size. Part no. 25102

Upholstered Cover

Protects user from hanger bar impact. Not for use in a wet environment. Part no. 50866

Hanger Bars for 2-, 3- or 4-point Suspension

Part no. 57551, 55764 (2- or 3-Point - Quick Release), 55619 (4-Point - Attach to leg hook)

Lifting Situation

Use to/from a bed
